

# *Air-Pak 30 Day Guarantee*

Dry Air Systems, Inc. will purchase back Air Pak dryer systems if not completely satisfied within 30 days of purchase with following conditions:

1. Dryer correctly sized to air compressors' maximum cubic feet per minute (CFM)
2. Dryer correctly sized at point of use maximum cubic feet per minute (CFM)
3. Dryer fully functional as described in Air-Pak Service Manual  
"BASIC OPERATION AND INSTALLATION MOUNTING INSTRUCTIONS"
4. Dryer unit clean from excessive oil and/or contamination
5. No visible damage to desiccant cartridges, aluminum castings or electrical components  
(Micro Logic Timer, PLC or pneumatic controllers)

Office: 314.344.1114

Fax: 314.344.0677

2655 Metro Blvd. Maryland Heights, MO.

## Dry Air Systems/Fluid Power Controls Line Card

<b>Airtec Pneumatics:</b> Valves, Cylinders, Air Preparation, Vacuum Generation	 <b>Dixon Boss:</b> Valve And Couplings From 1/8" To 8"
<b>Alkon Corporation:</b> Valves, Fittings, Flow Controlled, Full Line of DOT Products	 <b>Master Pneumatic:</b> Air Filtration, Treatment & Injection Lubrication
<b>American Cylinders:</b> Round Line Aluminum, Stainless Cylinders	 <b>Memco:</b> Miniature Fittings
<b>Anderson Fittings:</b> Full Line of Brass & Steel Fittings	 <b>Mid American Fitting Inc.:</b> Brass & Steel Fittings
<b>Canfield Industries:</b> Read Switches, Solenoid Connectors, Solenoid Timers	 <b>Peter Paul:</b> Valve & Valve Operators
<b>Control Devices Inc.:</b> ASME valves, compressor controls, drain act	 <b>Shire Industries:</b> Custom Designed & Manufactured Electronic Boards And Devices
<b>Control Micro Systems:</b> Electronics Boards & Bluetooth Devices Custom Designed	<b>Spartan Scientific:</b> Valves and operators
<b>Daughtridge Sales:</b> Pressure & Temperature ,Gauges, Switches, Accessories	 <b>Tescom Pressure Controls:</b> High Pressure Regulators & Valves
<b>Dry Air Systems:</b> Innovator of New Regenerative Desiccant Air Dryers	 <b>Thermal Transfer:</b> Heat exchangers

### SPECIFIC DESIGN ENGINEERING:

<b>Complete CNC Machining</b>	<b>Pneumatic Systems Design</b>
<b>Custom Pneumatic Designs</b>	<b>Desiccant Dryer Systems Valve Systems Control Valves</b>

**Miniature High Pressure Regulators:  
e.g. Open Flow, Solenoid, Push Button**
